

Directorate of Public Works

Fort
DETTRICK

A Community of Excellence

Directorate of Public Works

We provide and maintain all utilities such as Electricity, Water, Waste Water, Heating and Cooling Services, Refuse Collection, and the Garrison Recycling Program.

Directorate of Public Works

- The DPW oversees all construction projects on post which are coordinated through our Engineering and Construction organization and Master Planning office.

Directorate of Public Works

- We maintain all Roads and Grounds throughout the year.

Directorate of Public Works

- The DPW is the organization who provides the maintenance workforce that maintains the facilities and post infrastructure.

Directorate of Public Works

- The Housing Office is a division within the DPW and is located in building 1520 as well. They manage the barracks and assist in finding housing off Post.
